Work Request Form 06JZ.005-A1e & B1: Corporate Research, Collection,
Summary Report and Index – Gulfco Marine Maintenance Site

Dear Mr. Talton:

As directed by Work Request Form (WRF) 06JZ.005-A1e & B1 received on February 10, 2010, and supplemented by Amendment 003, received on March 12, 2010, GRB Environmental Services, Inc. (GRB) researched available public records for corporate documents for nine companies for the requested time frames. Following discussions with the Enforcement Officer (EO), GRB acquired certified copies of additional documents, which have been incorporated into the existing set; added to the summary table; and the SDMS bulk-processing index. This letter transmits the following items:

- A revised Table listing the documents acquired with a brief summary of each;
- A revised Index of the documents prepared for upload into SDMS; and
- Certified copies (unless otherwise specified) of the corporate records referenced on the table, compiled with cover sheets as described in the WRF.

GRB will deliver the copy set of documents with the revised Index to Day Forward for processing into SDMS.

Please do not hesitate to call me at 214-665-3147 should you have any questions regarding this deliverable. In my absence, Louise Delano can be reached at 214-665-2754.

Sincerely,

Kim Shultz
GRB Task Order Manager
